## Wind-ust Storm Whips Edmonton City Streets

### Liberals Demand Reid Government Quit: Caw Polls

#### BRITAIN JOINS N O ALLIANCES ASSERTS SIMON

#### Locarno Peace Pact is Re- inforced, Greater Peace Feeling

LONDON, July 12.—Foreign Secretary Sir John Simon announced today the United Kingdom had given her diplomatic support to a "warrior of peace" to the French proposal for an eastern Locarno, but he declared that Britain could not accept any new commitments in continental Europe.

LONDON, July 12.—Great Britain has reinforced the pact of Locarno but has not entered any "select alliance" with any country, Sir John Simon, foreign secretary, declared today in the House of Commons.

In the anxiously-awaited statement on continental affairs, Sir John said the recent Anglo-French conversations had resulted in a greater feeling of peace and security in Europe and will create a more positive confidence on the continent if powers affected fully enter the proposed eastern regional agreement.

He added Premier Macdonald of Britain agreed with the necessity of an eastern pact—"Eastern Locarno" as it has been called—and fully approves of it.

Sir John supported the statement of Louis Barthou, French foreign minister, in the latter left Locarno and Britain "get more than we expected," meaning some sort of alliance.

#### S.F. INSURANCE RATES SOARING

SAN FRANCISCO, July 12.—The cost of fire and civil commission insurance rates will be tripled today in San Francisco and other Pacific Coast strike cities, it was reported today.

#### TWO KILLED IN RELIEF RIOTING

CLEVELAND, July 12.—Two persons were killed and three seriously injured in a riot last night following the Cuyahoga county relief administration in downtown Cleveland.

#### WARSHIP SHELL KILLS SAILORS

TOULON, France, July 12.—A shell, fired by accident from the destroyers Yauron, struck a sister ship, the Albion, today, killing two sailors and wounding a third.

#### Rev. C. L. Worrell Improves Some Halfway, At 10:15

HALIFAX, N.S., July 12.—A blood transfusion at noon today brought renewed vigor to man Rev. C. L. Worrell, 67, of the Church of England in Canada, who last night had been reported as having been "resting comfortably." The blood was supplied by his nephew, Jack Worrell.

#### Meetings to Study Economic and Political Problems to be Called in the City.

Members of the various Liberal organizations in Edmonton, meeting in the basement of the McLeod Building Thursday evening, voted unanimously to ask the newly organized Reid cabinet to resign within 60 days and go to the country.

At the same meeting, W. E. Hanson, provincial Liberal leader, declared in no uncertain terms that the "new government" of political affiliations, people of the province were "yearning for better government."

"The object of the Liberal party of Alberta is to provide the people of this country with better government in all sections of the province to find out the problems with which various groups are confronted."

"At the recent conferences held in Medicine Hat and Lethbridge we have been very busy."

#### JAIL TERMS ARE IMPOSED ON SCOTSMEN

QUEBEC, July 12.—Three sentences of two years each to run concurrently for a period of five years were imposed today on three men convicted of conspiracy to defraud the Canadian Customs and the Quebec government of large shipments of illegal alcohol were meted out by Judge Hughes Fortier, president of the court.

Stevens was by Royal Canadian Mounted Police to be one of many members of a large run-running ring which operated in the city of Quebec for four years.

#### SAFETY FOR PEOPLE NEED: SHAW

LONDON, July 12.—George Bernard Shaw, patronizing after the manner of a man of letters, turning the world into a sanctuary for humans with no shooting at all.

Observing at a luncheon in support of the Royal Society for the Protection of Birds that game reserves had grown to more sections of the world, the Irish man of letters noted that the birds were a great deal of credit, because there are no sanctuaries for human beings.

#### VIENNA JAILS NAZI SUSPECTS

VIENNA, July 12.—The death of a woman victim of a bombing, for which seven Nazi suspects are in jail, placed the seven in the shadow of the gallows today. If the bombing can be fastened on them, the seven will be hanged.

### ROOF BLOWN FROM BLOCK; SIGNS CRASH

Lawns Strewn with Limbs  
of Trees, Citizens' Eyes  
Filled With Dust—No  
Loss Estimates.

Roaring out of the north-west Thursday evening about 5:50 o'clock, Boreas, the Wind King, went on a 30 mile an hour tear through the city and left sore eyes and damage in his wake. During the fifteen minute fling, he tore up stately and decorative old Balm of Gilead by the roots, tore off roofs, flattened sign boards, smashed plate glass windows, and left city lawns and boulevards generally littered with limbs and debris.

Housewives and business men this morning spent some time "dusting off" after the thick clouds of soil had been pounded and sifted into every available corner and crevice.

### PLANNED MEETINGS FOR NEXT MONDAY

Premier Reid Calls Ministers  
Together for  
Deliberations

Premier R. G. Reid is planning to concentrate on government business next week and has asked his ministers to stand-by for council meetings on Monday and Tuesday.

He has also asked them to submit memoranda on subjects and questions they wished raised and if possible to submit full information on same prior to Monday.

I and the ministers have been making a thorough canvass of the whole situation and I expect to deal with several matters that have been pending," declared the Premier.

Hon. Hugh W. Allen, minister of lands and mines and municipal affairs will be absent from this city all next week, going north to settle affairs as he can take up permanent residence here. He expects to return by July 20 or 21.

Hon. J. J. MacLellan, minister of public works, is expected to arrive either on Friday night or Saturday morning and to be sworn into office by the Premier.

Hon. George Headley, minister of health and telephone was a Calgary visitor on Friday, on departmental business.

### PRINCE TELLS WHY KING IS NOT A GOLFER

LONDON, July 12.—The Prince of Wales disclosed last night that King George quit playing golf because it made him get too angry.

"I asked him the other day why he did not go on with golf," the Prince related in a speech at the annual banquet of the Lucerne Golf Society of which he is the captain. "All he said to me was he got so damned angry."

The Prince recalled the days when he had carried his father's golf clubs for him.

### HOPPER BAIT POISONS GULLS BY THOUSANDS

PORTAGE LA PRAIRIE, Man., July 12.—Innocent victims of the farmers' campaign against grasshoppers, a battle which they were also successfully waging—thousands of thousands of Franklin gulls lie dead in the Delta marshes, just north of here, in western Manitoba.

Thousands of young gulls are dead from starvation, and like fate awaits thousands more.

The birds met death while aiding the farmers in their war against the grasshopper scourge of the Delta. They were lured by arsenic poisoning spread by farmers to check the hoppers.

This spring the Franklin gulls were estimated at 20,000 birds. Today less than 10 percent remain. The rest are dead or dying. Today eggs are rotting and the newly-hatched birds lie weakly by the death parent.

### Big Game Hunting Al Hooley For Gordon Sinclair

Lost in Elephant Country,  
Gets Wormy Deer as  
Sole Trophy of Hunt

By GORDON SINCLAIR  
JERUSALEM, July 12.—Wild animals prowling impenetrable jungles, stalking their prey in the dark, raiding compounds and causing havoc in the bazaar and the hotel is the boy adventurer's idea of wild west.

It probably all hung because, after a 1,500 mile trek, he was met by a lion, a camel, a goat, and a hand-carried servant.

He had been told that the lion was a single speck of whopseed, but he found it was a lion.

### Sally Now Humming Lullabies

With information received at the Bulletin office that this opened by fellow railway workers, we have been receiving reports from the province and those are being climbing up, and that lots in other parts of the province and in Saskatchewan and Manitoba are also being circulated with great results, indications are that the work will be reached early next week.

JUST GETTING STARTED  
The appeal fund is just getting started," said President Captain G. D. Koe of the Canadian Civil Liberties Protective Association today.

There's a lot to do at the Harry Joe Brown home in the Hollywood film area just now, and Sally Eilers, screen actress, above, who Mrs. Brown in private life, is practicing her repertoire of staid songs. The reason is that a boy—Sally is bidding for an heir—she expected soon at the Brown home.

### EAGLE CHIEF BACKS HIS NAZI SLAP

Meant Every Word—  
Don't Expect to be Cal-  
led Down, He Says

OMAHA, Neb., July 12.—General Hugh S. Johnson, "cracking down" verbally on recent executives in Germany, says he expects no rebuke from the State Department and will stand by his guns.

Stopping here last night on his way to the Pacific Coast in an army airplane, the nationalist chief of the NRA reiterated the denunciation of Hitler's "policy" of racial purity.

"A few days ago," Johnson said in his Waterloo speech, "I said that I would not take anything but the Nazi policy to be called down by the State Department."

## Identified Donor Sends Contribution To Aid Appeal

It may be Friday the Thirteenth for some people, and an unlucky day in consequence, but not for the MacMillan Appeal Fund. Sent through an anonymous donor, whose subscription is entered under the nom de plume of Simon de Montfort, noted fighter for the rights of the people in 1258, a donation of \$1,000 was received by the fund, bringing the total to \$1,611.50 at noon Friday. The \$1,000 donation came from outside the province, with a request that it be used for the fund, but that the donor's name be not mentioned.

### The MacMillan Appeal Fund

Here's how to subscribe to the MacMillan Appeal Fund. Send cheque, money order or postal note made payable to the MacMillan Appeal Fund to The Edmonton Bulletin, or direct to the treasurer of the fund, Richard J. Jenkin, 1944 Jasper avenue.

All subscriptions to the fund will be acknowledged in the Bulletin. Cash donations may be handed in at either of the above places and receipts will be given. All funds are deposited in the Bank of Nova Scotia, Edmonton, and subscribers can make deposits direct if they so desire.

By counsel for the MacMillan fund, the fund is being forwarded to the Privy Council in Ottawa.

### Hitler Announces 77 Die In Suppressing Revolution

By LOUIS F. LOCHNER, Associated Press Foreign Staff  
Copyright, 1934, by the Associated Press  
BERLIN, July 12.—Placing the cost of suppressing the revolt against his regime at 77 lives, Chancellor Adolf Hitler charged today that King Roehm, executed storm trooper and former chancellor Kurt von Schleicher plotted together to take over the government.

The plot, he said, called for the consolidation of the Reichwehr (regular army) and the storm troopers as the storm troopers were the only force that could be trusted.

Roehm, Hitler charged in a world wide radio broadcast, was delivered before the Reichstag, was found the organization of the storm troopers in the place of Franz von Papen.

### CHILDREN DRINK ARSENIC POISON

TROCHU, July 12.—Three children were ill for a short time and a fourth is still confined to bed seriously ill and in danger of losing his life as a result of mind arsenic poisoning which they contracted from drinking water from a barrel in a grasshopper poison mixing station.

Fortunately there was little arsenic in the water, and the children, Donald and Katie Soderberg, aged eight and 10 and Alvin Nickle, aged four, they suffered no ill effects. Herbert Nickle, aged eight, continued to be ill, but his condition is not critical.

### STATES READY TO BUILD NEW WAR VESSELS

LONDON, July 12.—Conversations preliminary to the 1935 naval conference appeared practically a shakedown today, according to Claude Swenson, United States secretary of the navy, and announced in Washington.

Swenson said the United States was ready to build "at least" ten new capital ships, if necessary.

For Officials.

Twenty-five hundred taxi drivers and chauffeurs added their numbers to the ranks of organized labor already on strike in San Francisco early Friday.

They quit work at three o'clock this morning.

Late Thursday "household" workers, including their own and hung up their aprons, heaping more weight to the shoulders of authorities already seriously worried over prospects.

Tension grew as strikers doubled the contents of two trucks on the road.

In the meantime an embargo was thrown on mail shipping.

### DOLLAR WHEAT HITS CHICAGO

CHICAGO, July 12.—Dollar a bushel wheat came back to the market today, but it was a sudden and spectacular fling of last minute buying that caught many traders unawares.

The close the closer, however, it was Wednesday, if an effort is made for a summer against it, now it is, granted.

For several weeks Police Chief A. C. Shute personally warned through letters direct to the closing of the statements published in the newspapers that the closing of the market was being observed.

More as a means of bringing the market to a head for clarification, one of the closing hour bids kept open and under the eye of a policeman and an agent, took business over the counter last Wednesday.

# BRIDE OF TWO HOURS KILLED

## AUTO WRECK ENDS DREAM OF ATHLETE

Well-known Prince Albert Sportsman's New Wife Tragedy Victim

PRINCE ALBERT, Sask., July 13.—Within almost two hours of becoming a bride, Marie McArthur, daughter of Mr. and Mrs. A. C. McArthur, of this city, and stenographer at the local branch of the department of natural resources, was killed when the auto driven by her husband, Fred Mosher, well-known hockey and baseball athlete of Prince Albert, crashed head on into another car 30 miles north of here last night.

The couple were bound for Waskesin lake, Prince Albert national park, to spend their honeymoon. Royal Canadian Mounted Police left late last night to investigate at the scene of the accident.

The couple were married here about 7:30 p.m., the accident occurring little more than two hours later. Mrs. Mosher died as she was being rushed to hospital here.

Both are prominent among the young people of the city. Mrs. Mosher is survived by one sister in addition to her parents.

## COMMUNISTS RETURN FOR BIG WELCOME

Three Granted Pardon From Kingston, Return to Toronto

TORONTO, July 13.—Freed after serving little more than half their five-year terms in Kingston penitentiary for being members of the Communist party, three members of the Communist party, ruled an unlawful organization in Canada, John Boychuk, Malcolm Bruce and Tom Hill came back to their homes last night.

The trio was released from prison late in the afternoon and came to Toronto to receive a noisy welcome and two dozen of roses each from members and supporters of the Canadian Labor Defence League. Halls of the union station re-echoed with their songs, including the Internationale.

Recommendation for their release was passed at Ottawa Monday and followed less than a week the freeing of Sam Carr and Matthew Popowich whose planned welcome home was disrupted by police last Wednesday evening.

## HAIL STORM TAKES TOLL IN ONTARIO

Stock and Poultry Killed, Damage Trail Left in Wake

TORONTO, July 13.—Lightning hail and rain that broke sporadically in various sections of the province, followed in the wake of a lashing gale through Western Ontario and left in its path a trail of battered crops, dead poultry and livestock, shattered windows, sodden farm lands and a few demolished houses.

Beating down from the west, heavy hailstones pelted the district of Melbourne, cut a swath through rich agricultural lands, punctured motor car tops, shattered windows and killed and maimed large numbers of unsheltered poultry. Residents said the sky was strangely black at mid-day when the storm broke.

In most districts farmers were optimistic as to the result of the storm. Though crops were beaten down in many districts authorities said most growth was still green and would not be seriously damaged by being broken off.

## Bedaux Party Makes Stop At Beaver Lodge

BEAVER LODGE, July 13.—A number of people had gathered on the highway at Beaver Lodge to see the Bedaux exploration party go through Beaver Lodge at 4:15 a.m. Thursday. The party had not made very good time from Grande Prairie, having left there about ten a.m.

They halted only for a few moments here then proceeded on their way, expecting to make Hythe or farther before night.

## HEPBURN LOPS OFF FURTHER EXPENDITURES

Total Savings Per Year in Economy Changes Reach \$17,000

BY FRANK FLAHERTY  
Canadian Press Staff Writer  
TORONTO, July 13.—Premier Mitchell Hepburn's "big parade" continued Thursday as he waged his campaign to cut government expenditures. Several officials in the Prime Minister's department will lose their positions.

"I find I can cut expenses in my own department by well over 50 per cent without impairing efficiency," declared Mr. Hepburn on his second day in office.

Among the officials to go from the Prime Minister's office is the deputy minister, Horace Wallis, who draws a salary of \$4,647. C. C. Hone, general secretary at \$4,000 and P. F. Cronin, assistant general secretary at \$2,400. Salaries of officials marked for dismissal total about \$17,000.

F. A. Gaby, chief engineer of the Ontario Hydro Electric Power Commission, was dismissed from his post by the new commission. Along with him went J. B. Lucas, general solicitor and former attorney-general of Ontario while \$6 other commission employees received salary cuts in excess of \$5,000 were served with notice of dismissal but given the option of remaining at their tasks at such salaries as the commission might decide to pay.

Among the most important positions to be filled are the governorship of the central bank, the chairmanship of the board of railway commissioners, head of the proposed Dominion marketing board, a member for the Canadian radio commission and others not of a pressing nature.

Germany appropriated approximately \$400,000 for a fiscal year beginning April 1 to provide for the maintenance of a special fleet for protective purposes.

## EINSTEIN IS NOW CLAIMED TO BE WRONG

French Scientist Asserts Proof Found Famous Theory Incorrect

PARIS, July 13.—Professor Emmanuel Carvallo, the French physicist, created a stir in scientific circles Thursday with the announcement that he had proved that the theory of relativity has definitely been proved false.

The Einstein theory, said Prof. Carvallo, is based on the invariability of the speed of light, a principle the French professor does not believe to be established.

In his article the professor claims this principle has been proved nonexistent by 200,000 experiments made in the United States by Michelson's pupil, Miller, and by others made independently by Ernest Esclangon, director of the Paris observatory.

Consequently, Prof. Carvallo said, conclusions drawn by Prof. Einstein from Prof. Michelson's experiments fail to the ground.

## MANY POSTS ARE VACANT AT OTTAWA

Conservatives Likely To Make Number of Important Appointments

OTTAWA, July 13.—Appointments to positions of high and low degree, running well into the hundreds, are now the gift of the government, some of them requiring immediate action and others not of a pressing nature.

Among the most important positions to be filled are the governorship of the central bank, the chairmanship of the board of railway commissioners, head of the proposed Dominion marketing board, a member for the Canadian radio commission and others not of a pressing nature.

Shell Shocked Assailant Sends Two Victims to Hospital

NEW WESTMINSTER, B. C., July 13.—Tom Douglas, 55-year-old councillor of Coquitlam, a neighboring municipality, was fatally shot, and Gordon Wilson, 39, clubbed into unconsciousness Thursday evening, victims, police believe, of an assailant temporarily insane.

Robert McFadden, 46, believed to be a victim of shell shock, was arrested a half hour after the shooting and charged with murder. He was remanded to July 26.

Douglas was shot down in the station he operates at the corner of Austin and North roads, a half hour after Wilson had been clubbed into insensibility in McFadden's cabin on Snake Hill.

Wilson, in his statement to authorities, said he and McFadden, whom he had known for three years, were cutting wood on Snake Hill where they lived as neighbors. They went to McFadden's cabin, Wilson stated, where McFadden suddenly grabbed an axe handle and beat him about the head until he lost consciousness.

McFadden was arrested a half hour after the shooting, and taken by the side of the road, three miles from the scene of the shooting with a shotgun beside him. He offered no resistance when arrested.

Continued from Page One

tailed on the loss early this morning, damage was known to be extensive, particularly in the west end of the city and in the business district. Police, light and fire departments were kept busy till a late hour last night as a result of the storm.

**BOOTHS DOWN**

At the Exhibition grounds, where many are already engaged in putting up booths in preparation for the fair, the wind tore down the booths from the concessions and scattered them over the grounds.

Damage for the most part was limited to the north half of the city. According to reports from the electric light department, trouble shooters, the west end of the city suffered the greatest damage. The wind was blowing from the west, and the damage was done by the wind tearing up things generally.

During the period from 1:30 to 6:00, according to Mrs. W. H. Owen, local weather bureau, traffic was almost at a standstill.

**STREET CLOSING**

Street-closing automobiles and street cars passing the street were forced to use lights owing to the density of the dust stirred up at the time. Rain falling during the interval amounted to 2.25 inches. Rain was also reported from the wind.

**RECORD VENT**

The recorded velocity of the wind was 28 miles per hour.

Although nearly a dozen telegraph poles were moved down from the city, partially disrupting service, outside points reported no damage from the wind.

**ROOF OFF**

Folding back like a piece of cloth, the roof of a storehouse at Grocers wholesale warehouse was laid back, exposing part of the top floor and a large stack of goods to the rain that followed close on the heels of the wind.

The roof was ripped from the edge along the back and came flying back over an area of nearly 200 square feet.

The west end of the city, where the heart of the gale was centered, felt the fury of the blast as signs blown along Jasper bowed to the tremendous wind pressure.

Torn off the front of the Adams building, corner of 102 avenue and 101 street, a large sign and canvas sign was hurled across the intersection and smashed in two of the E. E. Adams' big plate glass windows. Workmen, called immediately, are at the scene.

## Here Are A Few "Dont's" For This Gosh-Awful Day

## Bogey-Man Is Walking About

TODAY'S the day when the bogey-man will get you, if you don't watch-out. Look at the calendar—"FRIDAY THE THIRTEENTH."

Caution, with a capital "C" is seriously advised at least seventy per cent of your friends—while those who don't think you quite so hot won't care a hoot whether you cross your fingers under ladder, spill salt on the tablecloth, break a mirror—what have you, anyway. Old Man Superstition is good for today, and the injunction "don't take any chances" is a kind word to heed every day in the year, superstition or not.

The sage of Jasper avenue sadly shook his long "line-out" beard yesterday afternoon as he audibly "minimised" upon the folly of those who make normal citizens jittery.

**WATCH YOUR FATE**

"Laddie," said the sage, "you've bought your shoo-lies here for a long time now. You've got a nice friendly smile and I want to see you keep it. Don't let 'em tell you a bunk 'n' let 'em let 'em let 'em."

distally to the left, hoisted up the breaks as clicks clacked on the wet, worn wheels of the portable truck.

The Priscilla Trenton, 102 street had its plate glass window pushed in, and glass was shattered in the Hudson's Bay property on Jasper street. Signs blown across 100 street, and the Hudson's Bay property on Jasper street, and the Hudson's Bay property on Jasper street.

Toppling wire lines plunged across the city into darkness. Homeowners were busy digging new holes for their broken poles. The police department reported lines down at 100 street, 111 and 112 streets and 102, 103 and 104 streets.

At 100 street, 111 and 112 streets and 102, 103 and 104 streets, the old pensioners of 66 street, the old pensioners of 66 street, the old pensioners of 66 street.

The monster patch of maple trees above the Highlands Golf Course, corner of 66 street and Adams Boulevard that has aroused admiration of passers by for the past 20 years was ravaged by the rear gale. Huge 40-foot limbs were torn from the trunk and sent spinning into the air.

**TRAFFIC BLOCKED**

A large tree near the Grandin school on 110 street was sent crashing down, blocking the way for traffic, clearing away the debris before the traffic lane could be negotiated by cars.

St. Almas brought out the city fire department in less than 10 minutes. At 8:00 p.m. minor damage was done by a chimney fire at a house on the Calgary Trail, at 600 street, 111 and 112 streets and 102, 103 and 104 streets.

A cable fire at the corner of 111 avenue and 85 street, one minute later another company from the department sped to a chimney fire at 1222nd 49 street and at 624 p.m. a small fire brought out men and equipment from the Capital Square, 1004th Jasper avenue. The last call during the pressure of the storm was for a chimney fire in a residence at the corner of 121 avenue and 102 street. Damage in all cases was negligible.

At the height of the gale a large plate glass window in the Graham-Hughes saloon, corner of 144 street and Jasper, was sent crashing in diameter at the base and was picked up by the wind and spun across the street.

A motorist driving on 123 street was hit when a branch tree fell from the ground. A branch tree struck his car, and he was killed by the pressure of the wind. His car was blown over the fence of a private residence. He escaped injury.

## Beware Of Awnings Also

"There'll be little demons at the break-a-pole, trying their devil's best to make you upset the sale. If you can't resist knocking it over, pick up a pinch of it and quickly throw it over your left shoulder. You know that one about the 'lousy glass'! Have a care today especially. Seven years is a long time."

"Should you meet a black cat anywhere, look the other way and stand still. If the cat crosses your path, go back home and make a new start all over."

**BWARE AWNINGS**

"Beware especially, Laddie, of things, electric signs—and cross the street rather than step under a ladder anywhere. Of course crossing your fingers is okay for ordinary days, but even that won't work on Friday the Thirteenth."

Oh, yes, Laddie, I almost forgot the most important of all. If anybody goes into your flat and throws their hat on the floor, throw it 'em in the room and throw 'em out. You've got to do it for your own protection. People are so careless about these things. Maybe they're not, but you don't know. (What's the worst?) Yes, that's it. "If you should happen to get a sock on 'inside-out' for goodness sake wish hard, concentrate, then change it."

Well, so long, Laddie—and—Have a care today especially.

**OLD MAN GETS HARD BEATING AND TORTURE**

Police Hunt Young Robber, Named by Victim as Cynical Assailant

NORTH SYDNEY, N.S. July 13.—Beaten and tortured by a band of five, his mind and body in a critical condition, an 80-year-old man lay tonight while police searched the nearby woods in search of the five men who had beaten and tortured him in the same village.

Police said that the man, who was named as John McCredy, was a resident of the same village.

Apparently suffering severe pain, the aged laborer factory employee told police his assailant had struck him with a stick, and then he had held him tight and then he had held him tight and then he had held him tight.

King said he finally produced \$2.50 which the hoodlums grabbed and carried away without looking for more money.

## SAN FRANCISCO TAXIMEN ADD STRIKE QUOTAS

Continued from Page One

Canadian Pacific coast ports of Vancouver and Victoria, due to the threat of a general strike by the taxicab drivers, have been closed by longshoremen the last two days of the month.

**JULY SPACE GONE**

All available space for July is booked and there is none offered for August, they also, which normally would be offering for the month of August, but the Pacific coast freights are held back by a change in the rate of freight which will guarantee continuous loading.

British owners are loath to put ships up for charter, because they do not know how long they will be able to hold them.

Grain rates have moved up. There is a low point of shipping rates they have risen, this is 12 shillings, with practically no space available.

At San Francisco Bay cities the threat of a general strike which has hovered for almost a week now, loomed larger on the horizon. Union after union on both sides of the bay has taken the same line with the general strike plan.

have met with real success. Four to five hundred people gathered to frankly discuss the problems of farmers, fishermen, ranchers, meat producers, working men, and unemployed men's problems were all brought up for discussion. Several resolutions were passed, and the Liberal members of the legislature attended in order to get first-hand information from the people who are actually engaged in the various fields of industry and agriculture as to the conditions and problems they have to face and to find out what those people expect the legislature to do about it.

"We found that the people are anxious to air their views and to make suggestions. It has given us a chance to get in touch with the people as a whole, and to better understand the situation in that part of the province."

"Calgary is having a two-day economic conference August 6, 7, and 8, where we expect a record attendance," he announced.

"I would ask the people of Edmonton to do three things. First, to hold an economic conference sometime in August to discuss the problems, conditions and difficulties of the people here in northern Alberta similar to the situation in other parts of Alberta. The second thing I would like to see is the formation of a Liberal school of speakers who will be prepared to go out and speak in the rural districts in the case of a Liberalism."

"At the next election the women will exercise a greater influence than they have ever exercised in the past. The Liberal party is the youth that the leaders will come out and speak to the future of our country. I would like to see the young and older people form a Liberal party in the future of the election campaign when it comes. The Liberal party is meeting with success everywhere. People throughout the country are turning toward the Liberal party for leadership in our present difficulties," Mr. Howson stated.

A motion to hold an economic conference, the date to be arranged, to open to everyone regardless of their political inclinations, was passed by the meeting as was a motion to organize a Liberal school of speaking.

Mr. Hector Lang, M.L.A. from Medicine Hat addressed the meeting, bringing greetings from the southern part of the province.

"The time is now when the Liberal party will be in power in Alberta. Many things point that way. At the recent economic conference at Medicine Hat and again at Lethbridge, there was evidence of great enthusiasm. The conference was well attended. It was pointed out that the present cabinet represents only 40 per cent of the members of the House of Commons."

The great English poet and essayist, Pope, said an epidemic was lying in bed for days unless he was taken care of by a doctor. The people were glad to see that the Liberal members were trying to find out the situation in the province in live in straightened conditions during the past four years, and the needs of this province are today. The fact that the largest hall in Medicine Hat was crowded to the rafters in evidence of the support the people give to the Liberal party, Mr. Lang stated.

It is H. Dakin, M.L.A. who spoke and strongly praised his leader, Mr. Howson, for the energy with which he has conducted the battle in the past four years.

A motion demanding that the newly formed Reid government, in view of the circumstances, to the country within 60 days to submit the report of the party's present representatives, and its program, to the people of Alberta, so that they may exercise their opinion in the matter, was passed unanimously by the meeting. The Liberal party, Mr. Lang stated, is the only party in the present cabinet, which is the present cabinet represents only 40 per cent of the members of the House of Commons."

Ben Rennie got his start when a cattle agent found him selling fiddles in a music store.

## PEACE RIVER GRAINS NOW HEADING OUT

Ample Moisture Available—Warmer Weather Would be Helpful

Plenty of moisture and clear, favorable weather conditions, combined with head out practically all grains in the Peace River territory, giving prospects of an excellent harvest, according to the crop report of the Northern Alberta railways for the week previous to July 13, issued on Thursday, general manager.

Crops are looking well at Peace River and with plenty of moisture are making excellent progress. Weather has been cool and warm. Hay reports grain in fine condition and well headed out. Winter wheat would speed up growth.

Fully 60 per cent of the wheat is headed out at Beaverhead. The wheat is headed out at Grande Prairie. All grain is in good condition, with cool weather and light showers. Wheat at Claumont is headed out and in good condition. Crops are well headed at Ryley and in good condition.

Spirit River reports crops in excellent condition although warmer weather would be welcome.

From all sections of the country come reports of excellent progress, with ample moisture and a growing desire for warmer weather to insure the fullest advantage of it.

## TRIAL FOR SPEED RACER OPENED ON MANSLAUGHTER

Don Goes On Trial Old Land

Prosecutor Expresses the Hope Kaye Will Have Explanation of Accident When Helper Met Death

DOUGLAS, Isle of Man, July 13.—With the prosecution's explanation of the charge of manslaughter against a speed racer, the trial of Don Douglas, 27, was opened today on the night of May 28.

If we had an explanation of this accident we will all be very happy," said Attorney General R. B. Moore in outlining the case to the jury.

That if you are forced to the conclusion that this happened because Don Douglas, who was 20 miles an hour on the public highway in failing light, caused this man's death, then it will be your unenviable duty to find him guilty."

**MECHANIC DIED**

The charge was read on the death of Francis Taylor, Don's 27-year-old mechanic, when the car in which the two were riding crashed on a highway on the night of May 28.

Don was badly injured in the accident, and died in the hospital. He had been in the hospital for several weeks.

**LEDCU MEMBER SPEAKING TOUR**

A. P. Mitchell, Liberal member of the House of Commons, will complete the first half of his annual speaking tour of his constituency on Friday, July 13.

Up to now, in the course of his tour, he has held more than 100 meetings.

He will commence the second half of his tour on Aug. 28, when the rest of his constituency will be covered by which time more than 100 meetings will have been held.

In all his addresses Mr. Mitchell is covering work accomplished at the last session of the legislature.

His agenda for next week is as follows—Monday, Hurk Creek; Tuesday, Borden community hall; Wednesday, Borden community hall; Thursday, Valley View community hall; Friday, Capleton school.

His meetings will commence at 8 p.m.

INTIMATE GLIMPSES AND INSIDE STUFF  
ON THE MOVIE COLONY

By DAN THOMAS

**HOLLYWOOD, July 12.**—Keep your eyes on June Brewster, if you're interested in the careers of screen youngsters who will be the stars of tomorrow.

June isn't exactly a youngster. She has attained the mature age of 24, but she may rightfully be classed as a movie beauty.

And I'm predicting that she will be one of the important figures in the celluloid world in another three years.

All you have to do to be convinced that this autumn-tressed actress has a brilliant future is to talk with her for a couple of hours—listen to her ideas, her plans, and watch her during her daily routine of work.

No talented girl with such ideas and the will to carry them out could fail.

And June has talent. For that we have the word of Laura Hoy, Crews, veteran star of the legis-

lature state, under whom she has been studying.

## DOMINIONS TO SUFFER, CLAIM

**DURIN, July 12.**—"If somebody is destined to go to the wall it will be the dominions rather than the Argentine," declared finance minister Sean Macleod in the Irish Free Press tonight.

He was referring to the announcement that the United Kingdom will subsidize the livestock industry, and also restrict imports by a system of quotas and levies.

## Government Gets New Master Code From Trade Body

**Use of "Loss Leaders"**  
Branded as Unfair, Ruled out in Code for Alberta Merchants.

Submitting a memorandum and general code of regulations applicable to all branches of the retail trade carried on in Alberta, which it carried out will have the effect of raising and stabilizing prices, the Alberta Provincial Board of the Retail Merchants Association of Canada met Premier R. G. Reid and members of his cabinet on Thursday afternoon.

The interview was in anticipation of the proclamation of the Trade and Industries Act, passed at the last session of the legislature.

**MACKEY SPEAKS**  
A. C. Mackay, provincial secretary of the association, acted as spokesman. Included in the provisions were officials of the organization, sufficient in number to crowd the council chambers of the legislative buildings to a point where standing room only was available.

With the Premier were all members of his cabinet, save Hon. J. J. Macdonald, who had not yet arrived here from the south.

The speaker emphasized that the proposed code is that "no retailer shall be an exception to the mis-statement of fact in dealing with customers."

There are 18 sections in the proposed code.

Turning his address to the executive council, Mr. Mackay said that the Alberta Board of the Retail Merchants Association presents for your consideration that general code of regulations which it is suggested should be made applicable to all branches of retail trade carried on in Alberta.

The general code was prepared after conferences with delegates from several branches of the retail trade and has been submitted to and approved by the committee which was elected at a special meeting of Retail Trade section.

**LICENSING URGED**  
It is thought that the administrative machinery contemplated by "The Department of Trade and Industries Act" should not be established to give effect to the regulations contained in this general code, and immediate steps should be taken to bring about the registration and licensing of all persons, companies or corporations engaged in retail trade in the province as the necessary basis for that.

Mr. Mackay pointed out that the general code contained many important regulations directed toward the general control of the retail trade, which have become prevalent in the branches of retail trade which have become prevalent and un-healthy.

## ROBOT WILL AMAZE ALL AT EXHIBITION

**Mechanical Man Obeys Spoken Commands, Does Startling Feats**

Alpha, the Robot, the mechanical man, weighing three and a half tons who can fire a pistol, smoke and answer questions, is coming to Edmonton for the Exhibition.

His efficiency in firing a revolver was proved Alpha was demonstrating his capabilities for the benefit of students and Mr. Harry May having fitted the pistol in his hand had loaded it with blanks and was preparing to release his hand on the weapon when a student suddenly called out "Fire." Alpha responded instantly with a loud report, and Mr. May leaped back, shouting "It's not really surprising that a woman should have invented 'Alpha' was the comment of Sydney S. Aram, his travelling manager, "because electricity is a man's hand. But when there is no current he cannot stand back."

**Four giant U.S. searchlights will flick their beams of illumination over the city from the brilliant midway of the Royal Albert Grounds during the Edmonton Exhibition here July 16 to August 12.**

The searchlights are each of 30 million candlepower and have a valuable range of 40 miles.

They were, however, never reported from as great a distance as 40 miles.

## THE MEANIES

The camp was cute as it could be. "Oh, gee, this place appeals to me," said Doty. "I just hope they let us stay here for a while."

With Doty still asleep in a tent, then up to one of them she went. "Oh, no, but this looks comfortable," she shushed with a smile.

Wife Scouty in the meantime, one soldier said, "I wish that you would make things clear and tell us what this little camp is for."

(READ THE STORY, THEN COLOR THE PICTURE)

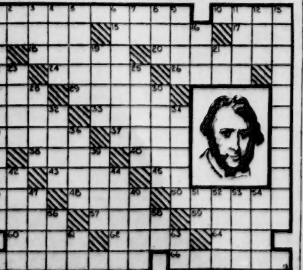

"Twice be agreeable to me to stay, but it's a mystery. Is this place just a fun camp, or are you engaged in war?"

"Ah, sir, the latter is quite right. We've pitched our tents so you can fight. We are the army of the happy Cheerful Chaps, you see."

"For having fun we're very strong. We never do a thing that's wrong. However, there's the Meaney Army, our worst enemy."
